LOS ANGELES — Best Best & Krieger LLP is excited to be named a California Powerhouse by *Law360*!

BB&K is one of only eight law firms in California selected by the prestigious national legal publication for its annual Regional Powerhouse series. *Law360* recognized "a group of law firms with a major presence in the Golden State that stood out during the past year for their outstanding achievements in the region in what experts say was an exceptionally competitive year for the legal sector in California," according to the publication.

"Over the past year, Best Best & Krieger has shepherded billions of dollars' worth of projects, such as the massive rail infrastructure expansion at the Port of Long Beach, through California's notoriously complex environmental review framework and helped municipalities across the Golden State deal with new and thorny issues like Airbnb and legalized marijuana, establishing itself as one of the most diverse mid-size law firms in the country," *Law360* wrote.
